Managing Alert Notifications

As an emergency contact you have the ability to disable (mute) and enable (unmute) alert notifications for each user based on your availability to receive alert notifications.

How to Manage Alerts

Log in to the SolusGuard and **Tap Teams**

**The bell symbol indicates the current notification status of this user.**
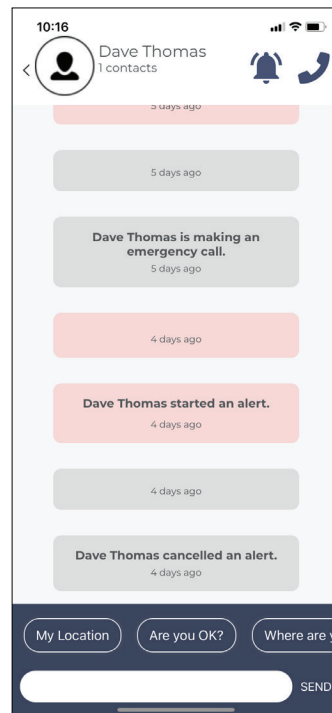

🔕 Muted (you won't receive alerts)

🔔 Unmuted (you will receive alerts)

Tap on the name of the user you'd like to update.

Tap the bell icon

Tap Yes to confirm

Unmute

Are you sure you want to unmute Rick Moranis? You will now receive notifications if they are in an emergency.
